Welcome to the Storytellers.

This is a fairly new venture for us: a form of intimate theatre whose charm lies in its informality and rapport with the audience. It gives the opportunity for our performers to select the stories they wish, and to present them in their own way, the way they feel will appeal best to you, the listeners. Sometimes just sitting and talking quietly to you may be the most effective: sometimes a vigorous use of the whole stage may be "right".

We want you to feel "at home" with us today - it is not a formal 'show' and the whole presentation depends on how the performers "feel" and how you, our audience, react to their tales.

And we need 'feedback', too - we want to know what you think of our venture. So please, stay after the show and chat to the COMPANY.

P.S. Although this is a free show, I'm sure you realise that there are always expenses for every show. So we've been cheeky and put a little box by the door! If you enjoyed the Storytellers... help us do it again!
